

For over thirty-five years,  
**GLENN MERLIN JOHNSON**  
is revered in the Custom  
Home Industry as the pioneer  
of Artistic Lighting Design.  
Mr. Johnson's well-versed  
processes coupling artistic  
lighting design with technical  
controls are taught in  
twenty-two universities  
around the world.

GLENN'S **ADAPTIVE** METHOD®  
of Layering Light is the  
decree of intelligent,  
artistic lighting application  
through sophisticated  
dimming controls and  
scene-setting that enhances  
the well-being of its occupants.

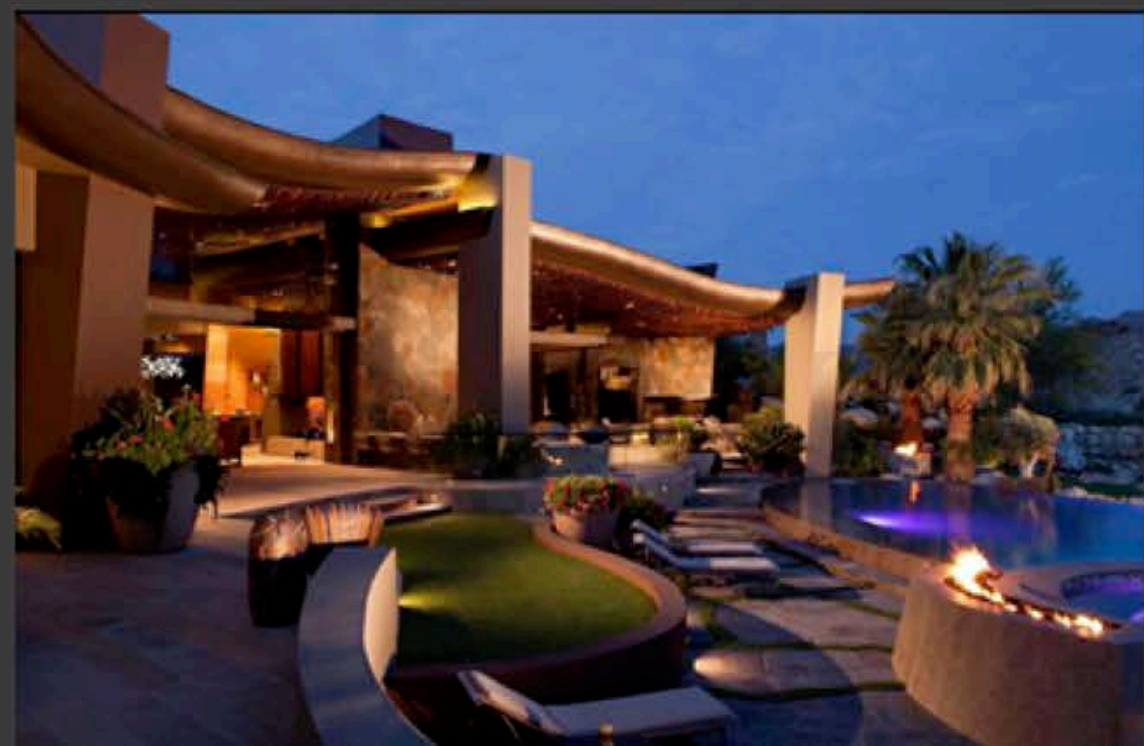

## MASTER OF ILLUMINATION

“Lighting Design is an Art form blending Layers of Light with  
Color Temperatures and Automated Controls to enhance our  
natural Circadian Rhythms. When it is done properly, your  
senses are excited, and positive emotions are **ELEVATED.**”

—GLENN MERLIN JOHNSON
